

World Microbe Forum Attendees

The World Microbe Forum, a collaboration between the American Society for Microbiology (ASM) and the Federation of European Microbiological Societies (FEMS), will unite the worldwide microbial sciences community to share cutting-edge science.

Active researchers, industry professionals, undergraduate and postgraduate students, educators and industry leaders will come together on a global stage, like never before, to showcase how microbial sciences are essential to the health and wellbeing of humankind.

ASM Microbe 2019

SPECIALTIES/TRACKS

Antimicrobial Agents and Resistance	22.6%
Clinical and Public Health Microbiology	18.5%
Host-Microbe Biology	15.2%
Molecular Biology and Physiology	10%
Applied and Environmental Science	9.70%
Clinical Infections and Vaccines	7.5%
Ecology, Evolution and Biodiversity	5.7%
Profession of Microbiology	5.6%

SPECIALTIES/TOPICS

Environmental Microbiology/Microbial Ecology/Microbial Communities	29%
Pathogens/Pathogenicity	15%
Physiology/Biochemistry/Molecular Microbiology	15%
Biotechnology/Synthetic Biology/Systems Biology	14%
Food Microbiology	9%

JOB DESCRIPTION

Graduate College/University	26%
Undergraduate University	11%
Government	9%
Hospital Diagnostic Laboratory	7.87%
Other	7.70%
Biotechnology	7%
Hospital/Clinical	6%
Professional School	6%
Medical Diagnostics	5.90%
Pharmaceuticals	4.90%
Non-Profit Research	3.30%
Reference Laboratory	1.85%
Private Diagnostic Laboratory	1.40%
Agricultural/Veterinary	0.60%
Food Products	0.30%

JOB DESCRIPTION

Graduate College/University	57%
Biotechnology, Synthetic Biology/ Systems Biology	14%
Food Products	9%
Hospital/Clinical	4%
Private Diagnostic Laboratory	4%
Undergraduate University	3.50%
Medical Diagnostics	3%
Other	2.50%
Reference Laboratory	2%
Professional School	1%
